No.NMC/MCI-23(1)/2021-MED.

dated the 15 July, 2022

PUBLIC NOTICE

Para 6 of the "Teachers Eligibility Qualifications in Medical Institutions Regulations, 2022" stipulates norms for faculty appointment and promotions in Broad Specialties (MD/MS) and Super Specialties (DM/M.Ch) in a permitted/recognised medical college/institution. It, *inter alia*, stipulates that for promotion to the post of Professor, Associate Professor, the faculty should have completed the Basic Course in Medical Education Technology (BCMET) from institutions designated by the national Medical Commission (NMC).

2. In this connection, many representations have been received from medical colleges/institutes regarding non-availability of slots for the BCMET from the designated institutions. As a result, many faculty are not getting promoted. To obviate the difficulties being faced by the faculty, it has been decided to give relaxation for completion of the BCMET for one year from the date of issue of this notice. The faculty availing this relaxation will have to complete the said course within three years from the date of promotion. The faculty which has already been promoted earlier on such relaxation, will also have to complete the BCMET within three years from the date of promotion.

(Dr Vijay Oza)

President, PGMEB

Data for RBCW Report Submission

Name of the Medical Institute:

Please fill up the total no of existing faculty of your College/ Institute as per cadre and speciality

Sr. No	Cadre wise	Total Number
1.	Professor	40
2.	Additional Professor	NA
3.	Associate Professor	66
4.	Assistant Professor	96
	Total	202

Sr. No	Speciality/ Phase Wise	Total Number
1.	Pre clinical	27
2.	Para- clinical	25
3.	Medicine and allied	53
4.	Surgery and allied	97
	Total	202

Pre clinical – Anatomy, Physiology and Biochemistry

Para clinical- Pathology, Pharmacology, Microbiology, FSM

Medicine and allied – General Medicine, Community Medicine, Respiratory Medicine,

Psychiatry, Psychiatry Paediatric, Dermatology, PMRT, Cardiology.

Surgery and allied – General surgery, Ophthalmology, ENT, Obstetrics and Gynaecology,

Orthopaedics, Anaesthesiology, Radio diagnosis, Radiotherapy, Dentistry, Neurosurgery
